

## Key product details

Product name & version

# Infor LN

### Product overview

Infor LN is a comprehensive ERP that consolidates global operations from design to delivery, including manufacturing, supply chain, and after-market services. Infor LN operates in high volume manufacturing/distribution scenarios as well as complex industrial projects. It covers all major processes, and via ION includes many integrations to best of breed applications. No other ERP solution in the market has delivered as much success for complex, high-engineering content manufacturers.
